We have been harvesting medicinal wild plants, seaweeds and fungi for 30 years. We understand and care about the plants we work with. Each species is harvested at its prime stage of development, in a way that causes minimal impact on future plant populations.

Wildcrafted herbs are harvested to order, and are only available in season. Please order before the season starts. We do not usually keep herbs in stock; we go out and harvest them for people that order them. This means that you always get freshly harvested herbs. Commercially available herbs are often several years old.

We ship by USPS, UPS or FedEx. You pay actual shipping cost, with a \$10 minimum. We accept payment by credit card, PayPal, check, money order or bank wire. There is a 2% monthly late charge on overdue accounts and a \$25 fee for bounced checks. Prices and availability are subject to change without notice. We do not accept returns of wildcrafted herbs unless we have made a mistake.

We also sell some herbs in smaller quantities through our Etsy store.
